

RealWear Navigator[®] 520. The best in industrial wearables just got better.

With a 20% larger view than RealWear Navigator 500, RealWear Navigator 520 is the gold standard in rugged frontline solutions.

Built for productivity, designed for safety.

Full-Shift, Hands-Free Use

Work comfortably all day and easily hot-swap your battery without losing a minute on the job.

Revolutionary Modular Design

Enables on-the-job agility and adaptability to support even more use cases.

Enhanced Remote Collaboration

Improves productivity, saves travel costs and reduces equipment downtime.

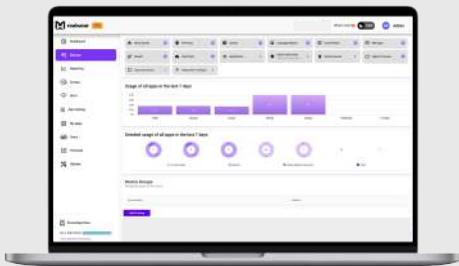

Secure sign-on and enterprise deployment

Reduces time and friction to get devices up and running, deployed and managed securely.

12 months Service and Support Pack now included.

Manage devices with RealWear Cloud Pro

In addition to basic analytics, device management and the app catalog, Cloud Pro offers, advanced analytics, remote firmware management, Cloud Assistance, data export, lost device, wipe device, and more.

Resolve issues quickly with technical support

Our technical experts are available to answer your questions 24 hours per day during the business week. Log your issue via phone, email or chat, and our team will respond within four hours.

Repair devices or arrange an advanced replacement

We know that uptime is critical for your frontline. In the rare cases of device failure, RealWear will send a replacement device in advance of receiving the old one.

Bigger. Sharper. Bolder.

Enjoy enhanced usability

With longer eye relief, you can position the display farther from your eye to see the screen more easily.

See more detail

Sharper resolution from a larger, high definition display provides enhanced, crystal clear detail.

Get a new perspective

With a wider FOV and larger viewfinder, you can more easily find the perfect viewing angle.

Bigger

Having a bigger screen while maintaining awareness is the best of both worlds.

Sharper

Higher resolution allows the user to see content with more detail.

Bolder

The 520 display offers even better fidelity for more accurate color representation.
